

Here, there and everywhere

To lead a better life I need my love to be here

Here, making each day of the year
Changing my life with a wave of his hand
Nobody can deny that there's something there

There, running my hands through his hair
Both of us thinking how good it can be
Someone is speaking but he doesn't know she's there

I want him everywhere and if he's beside me
I know I need never care
But to love him is to need him everywhere

Knowing that love is to share
Each one believing that love never dies
Watching his eyes and hoping I'm always there

I will be there and everywhere
Here, there and everywhere

Burning inside

I still love you - you are in my mind
You were the best thing that I could find
I want to tell you that you are my light
And all my love - to you - is burning inside

I remember your sweet smile and voice
You asked me to leave I had no choice
I miss you darling. I miss you my dear
I missed all joy - I got some fears

I think of you - about the love
You gave to me - I love you so
I think of you - about the love
You gave to me - I miss you so

Tell me the truth

I sit here - Sing a song just for you my dear
It will tell me how much I fill
That I love you - Yes I love you
I don't know what you may feel about me
Won't you tell me the truth
Why don't you hear my little love song
I have made to you - my love
Why don't you listen - When I sing for you
Only you

I love you - Can you tell me what can I do?
To make you see that I love you?
I adore you - I won't lose you
But I don't know what you feel about me
Won't you tell me the truth
Why don't you see those pretty flowers
I have brought with me - to you
It's not the hour - telling you the truth
I love you

Lullaby of spring

Spring has showered far her drip
Splash and trickle running,
Plant has flowered in the sand
Shell and pebble sunning

Chorus:

So begins another spring,
Green leaves and of berries,
Chiff-chaff eggs are painted by
Motherbird eating cherries

In the misty, tangled sky,
Fast a wind is blowing
In a newborn rabbit's heart
River life is flowing

Chorus

From the dark and whetted soil,
Petals are unfolding
From the stony village kirk
Easter bells of old ring

*Chorus***#59**

Long ago - you were a child
The first time - I saw you
You were skipping - You were fine
Right in front of house number fifty-nine
You looked so nice with your blond hair
So sweet with pigtails - You looked fair
I liked you so - Come let us go
And play together in "The Home"

Your family was oh so nice
And I liked them all
They were very nice to me
This was a place I sure liked to be
You felt so special in my heart
I liked you from the very start
I was so sad - I felt so bad
The day I left 59 for good

Now the time has passed my dear
We are not quite young
It was nice to meet again
I'd be glad if you would be my friend
That's what I hoped that you would be
But you did not want to see me
So now I'm sad - I feel so bad
And I do miss to see you my dear

I am so fond of you my dear
Your letter to me is too clear
I think of you - I'm feeling blue
But will you see me again some day?
I think of you - I'm feeling blue
But do you want to see me some day?
I think of you - I'm feeling blue
But will I see you again some day?
